

Reed switch

Reed switch pulser for CD ONE and SJ PLUS single jet, DS TRP multi-jet and MVM positive displacement water meters

- Gives a number of pulses proportional to the volume flowed
- Pulse options:
 - CD ONE, DS TRP: 1 pulse every 1/10/100/1000 litres
 - SJ PLUS: 1 pulse/10 litres
 - MVM: 1 pulse every 0,25/1/10 litres
- Retrofits to pre-equipped meters
- Easy to install and replace
- No influence on the meter's performance
- Designed for remote reading systems, batching systems, etc.

TECHNICAL FEATURES
